MINISTRY OF COMMERCE & INDUSTRY

PUBLIC NOTICES

IMPORT TRADE CONTROL

New Delhi, the 23rd November 1959

SUBJECT:—Scheduled Industries borne on the registers of the Development Wing—Issue of "repeat" licences for raw materials for selected industries during October, 1959—March, 1960 licensing period.

No. 112-ITC(PN)/59.—It has been decided that during October, 1959—March, 1960 licensing period, firms borne on the registers of the Development Wing and engaged in any of the industries enumerated in the Annexure attached hereto should be granted "repeat" licences for import of raw materials and components other than virgin metals *vis-a-vis* the licences issued in their favour for the licensing period April—September, 1959. Where an advance licence has been issued in the last licensing period, however, the value of the licence during the current licensing period will be determined after making the necessary reduction.

2. With a view to expedite issue of "repeat" licences as stated above, it has also been decided that firms engaged in the industries enumerated in the Annexure attached hereto and borne on the registers of the Development Wing except in cases enumerated in paragraph 3 below, should submit applications in the prescribed form and manner *direct* to the Chief Controller of Imports and Exports together with the Customs/Exchange Control copy of the licence including its enclosures, *viz.* lists of items for import, etc., issued to them during April—September, 1959, licensing period. Six spare copies of the lists should also accompany the application. In cases where Customs/Exchange Control copy of the licence is *not* readily available for submission, the number and date of the licence together with file No. from which the licence was issued by this office may be quoted while forwarding the applications.

3. The above procedure will *not*, however, be applicable in the following cases:—

- (i) Firms who are coming into production for the first time;
- (ii) Those firms who are effecting substantial expansions (and only in respect of such expansion);
- (iii) Those firms, who for one reason or other, did *not* obtain a licence in April—September, 1959, licensing period or those who did *not* apply for it; and
- (iv) Those firms who apply for imports of virgin metal(s).

In these cases and in respect of industries other than those enumerated in the Annexure attached hereto, applications for import of raw materials and components in the prescribed form and manner should be submitted to the Chief Controller of Imports and Exports *through* the Development Wing (Co-ordination) as usual.

4. In submitting their applications for "repeat" licences the firms concerned are requested not to include requests for any changes or amendments in the body of the licence or conditions and lists attached to it. Since such requests for changes and amendments can only be considered in consultation with the Development Wing of the Ministry of Commerce & Industry firms desirous of making changes or amendments should submit their applications to the Development Wing and licences would be issued in their cases in consultation with the Development Wing.

SUBJECT:—*Classification of Chains of $\frac{1}{2}$ " x 3/16" size with the roller diameters of 0.304", 0.306" and 0.307" whether in cut-to-length sizes or in rolls—for ITC purposes.*

No. 113-ITC(PN)/59.—According to the policy statement for October, 1959-March, 1960, licensing period $\frac{1}{2}$ " x 3/16" size chains, with a roller diameter of 0.305" only, whether in cut-to-length sizes or in rolls are classified for ITC purposes under S. No. 301/IV—*vide* remark 2(b) on page 99 of the Red Book.

2. The question of classification of chains of $\frac{1}{2}$ " x 3/16" with the roller diameter other than 0.305" has been reviewed. It has been decided that chains of $\frac{1}{2}$ " x 3/16" size with the roller diameter of 0.304", 0.306" and 0.307" whether in cut-to-length sizes or in rolls will also henceforth be classified as parts of cycles falling under S. No. 301/IV of the ITC Schedule and their import against licences for any other S. No. of the ITC Schedule will not be permissible.

LISTS OF INDUSTRIES

S. No.	Industry
1.	Bicycle & Parts.
2.	Ball Bearing/Steel Balls.
3.	Sewing Machine.
4.	Razor Blade.
5.	Leaf Spring.
6.	Umbrella Ribs.
7.	Gem Clips & Paper Pins.
8.	Clocks.
9.	Wood Screws/Machine Screws.
10.	Tin Containers.
11.	Crown Cork.
12.	Hurricane Lantern.
13.	Surgical Instruments.
14.	Drums & Containers.
15.	Building Hardware.
16.	Steel Furniture/Hospital Furniture.
17.	Collapsible Tubes.
18.	Wire Gauge/Wire Netting.
19.	Hair Belting.
20.	Needles.
21.	Panel Pins/Wire Nails.
22.	Duplicators.
23.	Locks.
24.	Toys.
25.	Valves.
26.	Stoves.
27.	Agricultural Machinery.
28.	Dairy Machinery.
29.	Oil Mill Machinery.
30.	Rice, Dal & Flour Machinery.
31.	Industrial Machinery (Unclassified).
32.	Constructional Machinery.

33. Metallurgical Machinery.
34. Chemical Machinery.
35. Mining Machinery.
36. Weighing Machine.
37. Conveyors.
38. Cement Machinery.
39. Gas Cylinder.
40. Steel Castings (including steel forgings and Chilled iron shots and grits).
41. C.I. Pipes.
42. Malleable Castings.
43. Air Compressors.
44. Fuel Injection.
45. Ancilliary Automobile Industry.
46. Road Rollers.
47. Diesel Engines.
48. Industrial Diesel Engines (Multi-cylinder).
49. Power Driven Pumps.
50. Trailors.
51. Electric Motor.
52. Electric Transformer.
53. Train Lighting Dynamo.
54. Meters, instruments & rectifier.
55. Electric miners' Safety Lamp.
56. Electric Incandescent Lamp & Flueorescent Tube.
57. Electric Fans.
58. Radio & Public address equipment.
59. Industrial & Street Lighting Fittings.
60. Electric Wiring Accessories.
61. Storage Battery including Train Lighting Battery.
62. Dry Battery.
63. Domestic Refrigerators.
64. Water Coolers.
65. Room Air Conditioner.
66. Miniature Lamps.
67. Machine Tools.
68. Small Tools and Hand Tools.
69. Grinding Wheels.
70. Coated braslives.
71. Measuring Tape.
72. Fibre Wheels.
73. Railway Wagons.
74. Steel Structurala (except Cranes & Chain pulley blocks).
75. Volts, Nuts & Rivets.
76. Domestic Utensils.
77. Agricultural Implements.
78. Conduit pipes.
79. Jobbing.
80. Scientific Instruments Industry.

K. T. SATARAWALA,
Chief Controller of Imports and Exports.
